Major: Computer Engineering Student ID: 902615568 Term of Entry: Spring 2016
--

Dear Anup Adhikari:

Congratulations, you have been approved for admission as a regular graduate student in the Master of Science program in Computer Engineering. It is understood that you will be attending as a full-time student beginning with the Spring 2016 semester. Please note that your assigned student number is 902615568 and program major code is 8040.

Graduate students must continue to demonstrate academic proficiency in coursework and must show reasonable progress toward the 3.0 required for Graduation. Master's students whose cumulative GPA falls below 3.0 are no longer considered to be in academic good standing. Doctoral students must maintain a GPA of 3.2 to remain in good standing.

Please be aware that your admission is contingent upon completion of your current degree, receipt of your final transcript and final proof of the award of the degree.

If you have not submitted an **official** score demonstrating **English Proficiency** you will not be able to enroll at Florida Tech. For more information please visit <http://www.fit.edu/grad> and review "Demonstrating English Proficiency".

We must receive your tuition deposit and your written reply on the enclosed Admission Reply Form by return mail to be considered a formal declaration of your intent to enroll at Florida Tech. Your non-refundable \$300.00 tuition deposit will be credited toward your first semester's tuition. Your tuition deposit payment must be submitted immediately.

If you require an I-20/DS2019 you will need to complete the **I-20/DS2019 Request Form**. The I-20/DS2019 request form explains deposit and financial document requirements and must be followed exactly to receive your I-20 or DS2019. Additional information related to obtaining an I-20 and other required forms are located at: <http://www.fit.edu/grad/forms.php> These documents need to be submitted as soon as possible so as to expedite your visa process.

Should you have any questions regarding your enrollment, please feel free to contact your Department Head.

Sincerely,

  
Cheryl-Ann Brown  
Director of Graduate Admissions

Department: College of Engineering  
Major: MS Electrical Engineering  
Term: Spring 2016  
Student ID: 902615568

Dear Anup Adhikari:

Congratulations! It is my pleasure to inform you that the Florida Institute of Technology scholarship committee has selected you to receive a Florida Tech Graduate Scholarship.

From a highly qualified applicant group, you have been selected for a scholarship that reflects the university's recognition of your accomplishments and our belief that you will enjoy a successful and rewarding experience in graduate studies at Florida Tech.

As a Graduate Scholarship recipient beginning with the Spring 2016 semester, you will receive an annual scholarship in the amount of US \$4,000.00 to be used toward your spring and fall semester tuition fees. An award of \$2,000.00 will be applied toward your Spring 2016 tuition bill and \$2,000.00 toward your Fall 2016 bill.

The scholarship requires full-time enrollment each semester with a minimum of 9 credit hours per semester. It is renewable for the second year of your degree program if you maintain full-time enrollment and a minimum cumulative grade point average of 3.2 at the end of each academic year. Please be aware that if, in your last semester, your class load results in less than 9 credits hours your scholarship will no longer be available to you.

If you are also selected to receive a graduate assistantship, you will need to decide between the two, the scholarship or the assistantship. You are not permitted to receive both.

In 2013, Florida Tech rose to **the top 200 in the Times Higher Education World University Rankings powered by Thomson Reuters**. The rankings are based on school scores in five categories, one of which is "citations." Carrying the highest weight of all the indicators at 32.5%, the citations score is based on the number of times a university's published work is cited by scholars around the world, effectively illustrating how much a university is contributing to the sum of human knowledge. In this category, which Times Higher Education uses as its "research influence indicator," **Florida Tech scored a 99 out of a possible 100.**

We are committed to having you as a part of the Florida Tech community and this scholarship assistance is just part of our commitment. It should be clear that the quality of graduate education you will receive at a university of Florida Tech's caliber can be affordable for you and deserves your consideration.

To accept the scholarship and to reserve your enrollment at Florida Tech, please send the \$300 tuition deposit as requested in your letter of admission as soon as possible.

Again, congratulations! And welcome to Florida Tech.

Sincerely,
